

law firms can  
set themselves  
up for innovation  
success

If your firm is taking those first steps toward innovation, keep these tips in mind for a successful experience.

Start with what n

6.

Establishing new norms takes time and patience. And success is rarely immediate. Leave room in your plan for iteration and review.

Innovation is easier with the right tools.

engagement, or just a better way of working, it's time to look at
